## Publicising your CAHSC registration

---

### Introduction

---

As a CAHSC registrant you have access to a number of resources to help you publicise your CAHSC registration. These are:

- the **CAHSC-registered logo**
- **Information leaflets** for the public
- your **CAHSC registration certificate**
- our **on-line register**.

This brochure tells you about these and how to use them.

### The CAHSC-registered logo

---

The **CAHSC-registered logo** helps the public, service users and purchasers of services to easily identify those registered with the CAHSC.

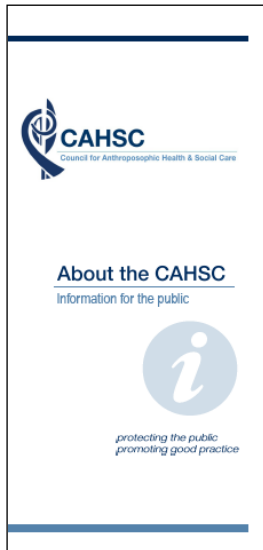

As a CAHSC-registered professional you can use it to show that you meet our standards. It distinguishes you from non-registered anthroposophic health and social care professionals. It is intended that the logo will become recognised as a mark of quality, professionalism and good practice in anthroposophic health and social care.

You can find out more about the **CAHSC-registered logo** and how to use it in our brochure ***Guidance for registrants: Using the CAHSC-registered logo.***

Please let us know if you become aware of any unauthorised or inappropriate use of the **CAHSC-registered logo**.

## Information leaflet for the public

---

This leaflet can be displayed in your practice or any public area. It says who we are, what we do and lists the professions we regulate. It explains what CAHSC-registered means and why it is important.

As a CAHSC registrant you can request these leaflets FREE. Contact us by email [admin@cahsc.org](mailto:admin@cahsc.org) or call **01224 869844**.

## Your registration certificate

---

By displaying your CAHSC registration certificate at your place of work you will raise public awareness that your anthroposophic professional practice is regulated and meets our standards.

## Our on-line register: [www.cahsc.org](http://www.cahsc.org)

---

You can encourage those using or purchasing the services of anthroposophic health or social care professionals to check our on-line register at [www.cahsc.org](http://www.cahsc.org) to see if their anthroposophic health or social care professional is registered.
